

Brief Biography of Daniel Einhorn, MD, FACP, FACE (4/8/05)

Daniel Einhorn is **Clinical Professor of Medicine at University of California, San Diego and the Medical Director of the Scripps Whittier Institute for Diabetes**. He received his BA from Yale University (Summa Cum Laude, Phi Beta Kappa, Varsity Letter) and his MD from Tufts Medical School (Alpha Omega Alpha). He did his internship, residency and Fellowship, and then served as an Instructor in Medicine at Beth Israel Hospital, Harvard Medical School. Since 1984 he has been a clinical endocrinologist with Diabetes and Endocrine Associates, Associate Clinical Professor of Medicine at UC San Diego, Director of the Diabetes Treatment and Research Center at Sharp HealthCare, and Director of Clinical Research for the Scripps Whittier Institute of Diabetes. He is a Fellow of the American College of Physicians and the American College of Endocrinology.

Dr. Einhorn was Co-Chairman of the American College of Endocrinology Task Force and the Consensus Conference on The Insulin Resistance Syndrome. He is also past Chairman of Clinical Research, past Chairman of Membership, and was six years on the Board of Directors, American Association of Clinical Endocrinologists (AACE). He is on the Board and the Executive Committee of the California Chapter of AACE and participated in regional AACE programs. He has presented at national AACE meetings for the past 10 years on subjects ranging from the evolving role of the clinical endocrinologist to clinical strategies, devices, and novel compounds. He has served on many AACE Committees including Strategic Planning, Nominating, and International Membership.

He was the endocrinologist representative on the American Medical Association's Diabetes Advisory Council. He served on The Endocrine Society's (ES) Clinical Affairs Committee, the American Diabetes Association (ADA) Managed Care Initiative and on the regional ADA and Juvenile Diabetes Foundation Boards of Directors. He is past Chairman of the Diabetes and Pregnancy Program of San Diego and Imperial Counties.

Dr. Einhorn is Co-Editor of *Endocrinology and Metabolism Clinics of North America: Type 2 Diabetes and Cardiovascular Disease*, and he writes a monthly column on diabetes for the popular magazine *Diabetes Health*. His research and publications cover diabetes prevention and reversal, recognition and treatment of diabetic complications, new technologies and pharmaceuticals, combination therapies, and clinical decision-making. He has lectured nationally and internationally on these topics, and has Chaired meetings of the American Federation of Clinical Research in Carmel, The Endocrine Society Clinical Endocrine Update (The Postgraduate Meetings) in Diabetes, symposia of AACE, and over 250 regional symposia.

He consults to biotech and **investment** companies **as well as to pharmaceutical companies in the design and interpretation of clinical studies**. He reviews articles for *Diabetes Care*, *The American Journal of Medicine*, and *The Journal of the American Medical Association*, *The Journal of Endocrinology and Metabolism*. He is on the Editorial Board of *Diabetes Health*.

Dr. Einhorn's non-professional focus is his family (wife, Emily, and children Max (14) and Estee (12)). He is on the Board of a number of community philanthropies, and is especially interested in the education of

children, preventive health care, and in the healing relationship. For fun, find him on the tennis courts, the ski hill, or at a lecture or concert. He is guitarist and vocalist for *The Midlifers*.
